

Astragal Mortise Lock Off-Centered for Inactive Doors

SIMPLY FLIP THE LEVER AND BE SECURE!

Faceplate Finishes

The Advantages

- Fastening through the center for a stronger and cleaner look
- 3/8" (10mm) solid tapered stainless steel shootbolts extend 1" (25mm)
- Self-adjusting backset to accommodate astragal thickness from 1/2" to 1 1/8"
- More leverage with the bidirectional lever handle
- None handed, easy to reach and operate
- 20mm cover plate with 3 finishes
- Fixed lengths for 79" and 95" door heights (custom heights on request)
- Can be used with most multipoint door locks

Colors on this document are graphic representation and may not be an exact match for the actual painted/plated hardware. For color selection, material samples are available on request.
